TOWN MEETING RULES OF PROCEDURE

Common Sense Strong Suggestions for Decorum

1. Please be courteous and keep off line discussions to a whisper so your neighbors can hear the proceedings.
2. Please feel free to get up and move around and be comfortable.
3. Please silence your cell phones or other noisy device. Anyone whose cell phone rings will be assigned, permanently, to the Budget Committee.
4. Please enjoy yourself and participate - this is democracy as practiced for a very long time, and we're making history and molding the town we live in and love.

Moderator's Rules of Procedure

Town of Mont Vernon

1. Only Mont Vernon registered voters are entitled to participate in the meeting and vote. This does not include town staff and employees who are not residents, but who are necessary to the meeting. They may speak on matters that concern them or their position in town, but may not vote.
2. Voting will be, except in the event of a close vote or required secret ballot, by raising your colored voting card, which you will get by checking in with the Supervisors of the Checklist, near the door. All residents, including elected officials, and your Moderator, may vote.
3. Each motion to amend will be voted on before another motion to amend will be entertained.
4. Each speaker will state his or her name and address clearly so that the Clerk can record, and will be limited to three minutes. No individual may speak a second time until all who wish to speak for the first time have spoken.
5. Speakers must speak from the central microphone. All comments must be addressed **to the Moderator** and not to the audience. Cross discussions are not allowed. Personal attacks are discourteous, a waste of time and will not be allowed. Please keep your comments concise and non-repetitive. If someone before you "steals your thunder" it would be fine to indicate your agreement but a waste of time to make the same points at length.

TOWN MEETING RULES OF PROCEDURE

6. No Motion to Call the question will be accepted by the Moderator until there has been sufficient debate on the article.
7. Any motion may be reconsidered during the meeting. A Motion to Restrict Reconsideration (in accordance with RSA 40:10) may be made at any time and is encouraged to be made immediately following the announcement of the vote on a contentious article, and must be made on each article on which reconsideration is restricted.
8. Motions so restricted will be able to be reconsidered but at a separate meeting, held at least seven days later.
9. Motions to Pass Over, Table or Postpone will generally not be accepted, unless a good reason is put forth, and then at the discretion of the Moderator.
10. Any voter may challenge any ruling of the Moderator. Majority vote decides. This is YOUR meeting, I just stand up here and try to keep order and remember everyone's names.
11. The actions we can take today are basically three:
 - a. Enact a warrant article as written; or,
 - b. Amend and then pass the amended warrant article; or,
 - c. Defeat the warrant article.
12. The four tools we will use today are:
 - a. Motion to Amend an Article. Only one amendment at a time and no amendments to amendments will be allowed. Amendments may not change the subject of a warrant article. Amendments involving budget items must include a dollar amount, which may be zero.
 - b. Motion to Call the Question. This will end debate, if passed. It should only be made after reasonable debate and those in line have spoken, at least once. Under Robert's Rules, such a motion requires a 2/3 majority to pass.
 - c. Motion to Reconsider or Restrict Reconsideration. Reconsideration may take place at any time, and so may a motion to restrict it.
 - d. Point of Order. If your moderator errs in a procedural matter, a Point of Order may be raised, and should be done so immediately.

Please make the first three motions from the microphone; a Point of Order may be raised from your seat.

Town of Mont Vernon

New Hampshire

2018 Warrant

To the inhabitants of the town of Mont Vernon in the County of Hillsborough in the state of New Hampshire qualified to vote in town affairs are hereby notified and warned of the Annual Voting and Town Meeting will be held as follows:

Article 07: Spend from the Library Capital Reserve

To see if the town will vote to raise and appropriate the sum of Forty Five Thousand Dollars (\$45,000) for the engineering, architecture, and estimating services necessary to prepare a preliminary site plan, including septic and drainage designs, a schematic design and a cost estimate for a new Library and authorize the withdrawal of Forty Five Thousand (\$45,000) from the Library Capital Reserve created for that purpose. No funds are to come from general taxation. This will provide the information necessary to present a warrant article in 2019 to build a new library on the Town land previously acquired for this purpose adjacent to Carleton Pond. Recommendations Required. This article has no tax impact. (Majority vote required)
The Budget Committee does not support this article.
The Selectmen support this article.

Article 08: Purchase the Daland Library Building

To see if the Town will vote to raise and appropriate the sum of One Hundred Five Thousand Dollars (\$105,000) for the purpose of purchasing the existing Daland Library Building from the Daland Trust. The building will continue to be maintained by the Daland Trust, and used exclusively as the Town Library until such time as a new library building is approved, constructed and occupied. The sale of the building is contingent on the approval of the Courts. This special article is a special warrant article per RSA 32:3 VI (d) and RSA 32:7 V. (Majority vote required).

The Budget Committee does not Support this article.

The Selectmen support this article.

Article 09: Library Capital Reserve

BUDGET COMMITTEE

Preliminary Report

January 21st, 2018

The budget committee met with representatives from many town departments and committees. We recognize and applaud the efforts of all department heads to minimize their expenditures. In light of these efforts, the budget committee supports the operating budget.

The budget committee, however, has serious concerns about several of the warrant articles being proposed – specifically those dealing with the renovations to the town-owned buildings and the construction of a new library. Our major concern is that the voters have not been fully informed of the details of the comprehensive plans. We are afraid we may be repeating the mistakes of the past where the taxpayers spent money for building plans and site studies only to see those plans defeated by a minority vote at Town Meeting. Absent a comprehensive plan, approved by the voters, the budget committee cannot support the expenditure of any more taxpayer funds for these purposes.

Two of our focal points were the possible purchase of the existing library building and the funding of a Heritage Commission. Regarding the former, in looking at the proposed use for the library building, the budget committee cannot see that this is a good deal for the town as the space needs addressed by the purchase can be easily addressed in the renovations to the Town Hall and McCollom buildings or in the plans for a new library. Nor can we support the expenditure of the funds for the purchase with the idea that those funds will be returned to the taxpayers in the form of a grant by the Daland Trust until that trust makes a firm commitment as to the amount of money that will be granted. As to the funding of the Heritage Commission, we are concerned that, although such commissions are set up as repositories for private donations and third-party grants, in actual practice they have generally been funded by the taxpayers. If seed money is needed, the taxpayers should be informed of the specific details of how that money would be used.

Two other warrant articles that we addressed concern the funds being sought for the repair and maintenance of town buildings and the purchase of a flashing speed sign for the police department. The budget committee cannot support the former unless it specifically constrains those funds to be spent only on the McCollom Building and the Town Hall, and we cannot support the latter unless it can be shown how quickly the sign will pay for itself in the form of savings to the police department.

Future Building Use Study Committee

In 2015 the Board of Selectmen approved the formation of a citizen's advisory committee with its scope to develop and consider available options for the use of current town buildings at the Mont Vernon Town Hall, McCollom Building and the Daland Memorial Library and (b) possible new facilities at other locations, with cost-benefit comparisons. This committee was originally intended to be active for a maximum of four months.

The Mont Vernon Building Use Study Committee met weekly from July 9, 2015 through September 24, 2015 and submitted its recommendation report at the end of September 2015. To that end, the committee supported the formation of a specific facility development committee and a warrant article to fund and conduct a more comprehensive study to create a long-term facilities plan.

At the 2016 Town Meeting the committee presented its findings and recommendations. Voters approved \$50,000 for the more comprehensive, professional studies of each of the three buildings. Now more than two years later, the volunteers of this committee have completed the professional assessments and developed conceptual plans for each building use. This information was presented to the community at a public forum in October 2017. A final report for town hall as a condition of one of our funding grants is still in process and a final report for the community will be available early to mid-2018.

During the 2017 town meeting voters approved to establish a non-lapsing account so that we may solicit donations and grant funding in anticipation of some very expensive renovations in the future. We researched and applied for grant funding but none of our attempts came to fruition.

In 2018 the committee will be asking the town to establish a Heritage Commission that will manage any funds raised for the renovations of these three wonderful buildings. The Heritage Commission is an extremely important component to raising and managing funds beyond taxation to pay for the costly renovations to save our buildings. The committee has also requested the selectmen to support a warrant article for an initial investment of "seed" money for the heritage commission. This one-time request will help show potential investors to our project that the community is committed.

The committee thanks the Town of Mont Vernon Board of Selectmen, the department heads and the many citizens who expressed interest in and gave of their time and talents to assist with this important responsibility. As chairman, I personally thank each member of the Building Use Study Committee for their lengthy commitment and their efforts towards this study and developing the recommendations and long-term plan of preserving our historic buildings.

Respectfully Submitted,
William A. McKinney, Chairman
Building Use Study Committee

CONSERVATION COMMISSION

Carleton Pond has a New Look! This past year the Conservation Commission has been extremely busy focusing on the Carleton Pond Restoration Project with “phase one” which involved dredging of the pond to restore depth to 10-12 feet deep, installing new culverts and re-opening the springs to allow water to flow again, installing a new cement retaining wall, and grading of the shoulders of the pond and parking areas. The Conservation Commission would like to thank Bill Davidson, who has been instrumental in assisting us with so much of this project, from the engineering plan to collaborating with us, the contractor, and town officials. His dedication to our community is much appreciated! Also, a huge debt of gratitude goes to Jay Wilson, Conservation Commission Vice Chair, and MV Fire Chief, who has spent countless hours overseeing the restoration of Carleton Pond and Park. THANK YOU!

Our work with Carleton Pond is not over, and in 2018 “phase two” will involve re-grading of the banks and parking areas after resettling has occurred, planting of trees and landscaping, installing a pathway around the pond, replacing the light pole, paving, and further clean up around the border of the pond and park. This year at town meeting the Conservation Commission is presenting a warrant article requesting \$10,000 to complete the work needed for phase two. The Commission asks for your continued support in completing this project!

Despite installing new trail signs at trail intersections, providing maps at the trail kiosks and on-line and various warnings about being prepared to hike the trails in the Purgatory Brook Watershed and Falls, there were 11 search and rescue calls for lost or injured hikers this past year. Most of these incidents were due to people who did not exercise good judgement, went out late in the day, were unprepared, unfamiliar with the area, couldn't remember where they parked their car, etc. These calls require valuable resources and put a strain on local police, fire departments, and NH Fish and Game. Please use good judgement, be aware of your surroundings, be prepared for changing weather conditions and know your abilities before venturing out into the woods. We want people to enjoy our conservation lands and stay safe!

If your property abuts conservation land, please review your survey or boundary lines prior to construction and make sure you do not encroach on Town owned conservation land. There was an unfortunate situation this year that occurred on Town Conservation Land, which ended up being very costly and time consuming for all involved. Please contact the Conservation Commission prior to development if you have any questions about your property

boundary if it abuts Town owned Conservation Land. Conservation Land deeded to the residents of a specific sub-division however, is not town owned and does not come under the management of the Conservation Commission. One of our many future goals is to review the deeds to all of our town properties, survey and mark the boundaries.

The Conservation Commission has had several changes in board members this year. David Haag has decided to move on and we thank him for his service while he was on the Commission, and wish him well! We have several new members who have been appointed and welcome Judy Brophy, Michelle Riesselman, Arthur Rounds and Jeff Johnson.

The Conservation Commission has several “shovel ready” projects, so if you are a Boy Scout looking for a project, or someone who would like to volunteer just a few hours a month to work with a Conservation Commission member on a trail or conservation land near your home please contact us! We look forward to seeing you in the great outdoors in 2018!

DALAND MEMORIAL LIBRARY

What is the value of a library to its community? If it is strictly based on monetary value, then Mont Vernon is getting quite a bargain for the services and offerings of the Daland Memorial Library. A recent study done in 2017 by Park County Library System in Cody, Wyoming added up the value of services for one year to compare it against what it actually spends to calculate the return on tax dollars spent. Based on that study, and current averages for trackable materials and services, Mont Vernon is receiving a **\$3.98** return on every tax dollar invested in library services. The town appropriated **\$82,733.26** to run its library in 2017 and received **\$328,540** back in library services, material usage, programs, and facility use. (Please see chart below). This high return is due in part, thanks to the continued financial support of the Friends of the Library and to the Sophia Daland Trust. The Friends contributed \$4500 in 2017 to enhance library programming and services this year and the Sophia Daland Trust contributed \$8,700 to the maintenance and running of the building including, but not limited to, heat, electricity, Wi-Fi, phone service, snow plowing, landscaping, and cleaning.

This year, the library was open **1,560** hours and counted **12,823** visitors through its door. **17,255** materials were checked out that included books, eBooks, audiobooks, movies, magazines, museum passes, reference materials and interlibrary loans. **227** programs were offered to children and adults with **3,205** attendees. Our yearly statistics for 2017 reported the number one borrower in town borrowed **563** materials for a savings of **\$7,700** to their household based on the purchase value of the items borrowed. The collection as it stands today includes **13,893** materials. The library currently has **1,358** library cards issued to patrons.

In addition to the monetary value the library and its collection provides to the town, the staff works diligently to provide programs and materials that reflect the values of our community. We remain an institution that welcomes all to the library, at no charge, with the mission “to provide the community with access to a wide variety of resources for education, socialization, and enrichment”.

See you at the library,

DEPARTMENT OF PUBLIC WORKS

2017 was a productive year for the Mont Vernon DPW. We kept ourselves busy with maintaining and keeping the roads safe all winter long.

We moved quickly into spring with cutting brush, cleaning culverts and catch basins to help prep for road paving and reclaiming. We overlaid Batchelder Rd., Wilton Rd, Beech Hill Rd. and Hazen Rd. We reclaimed approx. 1100 feet of Cross Rd. and paved the base coat. Over 1000 feet of the south end Old Milford Rd. was reclaimed with a 2 ½ inch dense binder.

We continued to remove the dead trees throughout town as our ongoing yearly maintenance.

2018's road projects will be to overlay Kittredge Rd. and Rangeway Rd. We will be reclaiming and grading Kendall Hill Rd. and paving a 2 ½ inch dense binder. We will also sand seal Weston Hill Rd. and Old Milford Rd.

This year's fishing derby was a huge success with a great turn out. We had a total of 71 kids: 35 kids age 0-7, 26 kids age 8-11 and 10 kids age 12-15. They caught a total of 143 trout, 24 catfish and 3 shiners. We are excited to host our 8th annual Fishing Derby at the newly improved Carleton Pond.

Please welcome our new full-time highway department member, Ben Crosby.

Thanks,

Mike Ypya DPW Director

MONT VERNON EMERGENCY MANAGEMENT

Mont Vernon Emergency Management is tasked with improving and developing cooperation between our public agencies (Police, Fire, and Public Works), our Board of Selectmen, the State of NH, the Federal Government and our surrounding communities. We are responsible for coordinating an effective local response to emergency situations and disasters. We make it a point to ensure that we provide protective actions prior to, during, and after any type of disaster that impacts our residents and community.

As a reminder, by working with our family, friends and neighbors we can and will cope with disasters and other emergencies by preparing in advance and working together as a team. Knowing what to do is your best protection and your responsibility. Be sure to have a plan, assemble an emergency kit, arrange for your pets, and listen to emergency instructions. You can sign up for emergency “alerts and notifications” by going to www.readynh.gov. ReadyNH was developed to provide you with information and resources to take action and keep your family safe during emergencies. Remember that when disaster strikes, your family will depend on you. You will be the superhero!

We continue to maintain our eligibility to receive FEMA reimbursement and grants. We are always looking for ways to better help our emergency services and the residents of Mont Vernon. If you have any questions or need any information relative to emergency preparedness please do not hesitate to contact us. We are here to assist.

MONT VERNON FIRE DEPARTMENT

2017 Annual Report

montvernonfd@montvernonnh.us

To Report a Fire, Police, or Medical Emergency, Dial 911.

Fire Dispatch Frequency 33.64 Mhz

To contact the dispatch center, you can call 673–1414, for immediate but non-emergency assistance; for all other non-priority purposes, call and leave a message at the station business phone 673–1383, and a Department official will return your call.

Fire Prevention: Each year the Department conducts fire prevention safety programs for the kindergarten to third grade. Our Firefighters volunteer their time to instruct the students in what do to in case of fire, how to report an emergency, the importance of having a home fire escape plan, and having working smoke-fire alarms in their homes. The Department also conducts safety and code inspections, seasonal burn permits, oil burner permits, and fireworks permits

Outside Burning: Any outside burning requires a written permit when there is no snow cover. To obtain a permit, call the station at 673-1383 or contact Warden Kevin E. Pomeroy. Seasonal Permits are issued and valid for only the calendar year. We will normally schedule re-issuing of seasonal permits during April and May. If needed, permits may require an inspection. To obtain a seasonal permit, email us at: seasonalpermits@montvernonnh.us or call the station and leave a message.

Capital Reserve Account: The Department is in the process of replacing the 1993 Fire Engine as a primary emergency response vehicle. Part of this process is funding the Fire Apparatus Capital Reserve Account. The cost of a fire engine is estimated at \$420,000.00, this is a costly investment, but fire trucks are designed to last 30 years. Knowing this cost and that the purchase is in the near future, we use a Capital Reserve Account to put funds aside to assist with the purchase. We may not have the full amount needed but having a portion of the cost of a truck allows us the ability to work with companies with anticipated costs and lowering the impact to all of us when the truck is purchased.

MONT VERNON FIRE DEPARTMENT CONT.

Join and help our community: Your Department is made up of citizens like you, who volunteer much of their time to assist those in need. These on-call volunteers are professionals, spending countless hours training and working as a team to improve their skills and knowledge. For further information, contact us by email or leave a message.

Projects:

We have begun to upgrade interior lighting at the fire station to LED vs the ballast lights that are there now. This improved lighting should lower electrical costs, improve interior lighting, and lower maintenance and replacement cost in the long term.

Working with the Conservation Commission and the Carleton Pond project, the town now has two new dry hydrants that will be in full service this coming spring.

Thank you,
Chief Jay S. Wilson

During 2017, we lost one of our firefighters as he lost his battle with cancer. James DeWitt was a dedicated member of the Department and took on many roles and responsibilities.

Not only will Jim be missed as a member of our Department, but also as our friend.

Captain James DeWitt

GARDEN AND BEAUTIFICATION COMMITTEE

Garden and Beautification is in search of a new Chair and new members. I know some of you would like to be a part of making our town look its best. Responsibilities include maintenance of a few town gardens, as well as decorating for the seasons (think corn stalks and pumpkins in the fall, wreaths before the holidays, etc.)

Please reach out if you have any interest either by responding to this post or contacting me directly at juliharvey1@yahoo.com.

GREEN LAWN CEMETERY

In 2017 we sold 2 lots and buried 4 people.

As always, the Town DPW has done a splendid job with the regular maintenance and mowing of the cemetery, keeping the grounds in tiptop condition.

This past Fall we had 40 more Sugar Maple Trees planted: some to replace the large maples that have been lost in years past; some to act as the next generation of the existing maples lining the interior road; and some to extend the existing lines of trees.

We increased the cost of cremation burials from \$175 to \$250. These burials often require significant work when ledge is hit and multiple holes have to be dug to find ones that are deep enough.

We look forward in 2018 to planning for the new cemetery, behind the post office. Once a decision is made on building a new library we will be able to layout plans for the cemetery entrance road.

The cemetery website can be accessed through the town website <http://www.montvernonnh.us> under “boards and committees”. There you can find Rules, Prices, Instructions, Contacts. You can also contact any of the trustees directly. We are here to help you.

Over the past three years, at the request of the state, the procedure for doing cemetery business has changed. In the past all cemetery income and bill paying was handled directly by the trustees through an account managed by the trustees. The state now requires that all cemetery income go into the town general fund and expenditures be budgeted and paid by the town. Starting in 2015, for the first time, planned cemetery expenditures showed up in the town budget. (The purpose of these changes was to make cemetery business more open and visible to town citizens).

These changes do not mean that the town is spending more on the cemetery. The sources of expenditure funds remain exactly as before. The town pays a portion of the cemetery maintenance (mowing and cleanup) that corresponds to that portion of the graves that do not have “perpetual care” All other cemetery expenses are reimbursed to the town from cemetery income and from the cemetery trust funds, not from taxes.

HISTORIC DISTRICT

HISTORIC DISTRICT COMMISSION

Architectural Change Guidelines

- In kind repairs (re-siding, re-roofing, replacement of windows etc.) do not require Historic District approval for architectural change.
- All modifications to exterior architecture must be approved by the Historic District Commission prior to actual commencement of modification. New construction must require Historic District approval before construction can begin. It is suggested Historic District approval be obtained before issuance of a building permit or before financial commitment is negotiated.
- A Request for Architectural Change must be submitted to the Historic District Commission for modifications to property as defined on the Historic District map dated March 13, 1979. Application shall be obtained from the building inspector upon issuance of a building permit for property within the boundaries of the Historic District. The applicant shall fill in the appropriate information and return same to “Chairman, Historic District, PO Box 444, Mont Vernon, NH 03057” at which time the chairman shall schedule a meeting at the earliest possible convenience.
- If the Commission deems the modification to have minimal visual impact on the architectural compatibility of the Historic District or if the property is not of a historical nature, approval may be granted at the first approval meeting. If there is distinct visual impact, or if substantial construction is proposed, applicant will be requested to submit a second application where abutters will be notified and a newspaper advertisement will be inserted in the Milford Cabinet at applicant’s expense.
- In the case of disapproval, the Historic District Commission shall provide the applicant with written reasons for disapproval.
- A certificate of approval signed by the chairman of the Historic District Commission shall be forwarded to the building inspector for issuance of a building permit, to the applicant, and shall be filed in the office of the Town Clerk within 72 hours after the approval is granted.
- Any person or persons jointly or severely aggrieved by a decision of the Historic District Commission shall have the right to appeal that decision to the Zoning Board of Adjustment in accordance with the provisions of New Hampshire revised statutes annotated Chapter 677 sections 1 through 14.

LAMSON FARM COMMISSION

As always, I like to begin each year's report by acknowledging the group of dedicated town volunteers with whom I serve on the Lamson Farm Commission. They deserve and have my thanks for their enthusiasm and for making possible another productive year of meeting our goals, objectives and challenges for 2017.

This year wasn't as demanding of our attention to remedies and repairs as was last year, allowing us to devote some time towards smaller projects.

Mark Walker spearheaded an effort to begin cleaning and organizing the barn. Doing so created some extra room to expand a display of farm tools and implements, both large and small. Lamson Friends John Young and Frank Oudheusden were of great help with that project.

With a grant provided by the "Nipmugs," a local chapter of the International Questers, which includes residents of Mont Vernon, the project of restoring a chicken coop became an affordable one. There were two coops, one of which was beyond repair. The second one now fully restored, sits out front temporarily, until it can be moved to its original location.

Anticipated 2018 projects include the installation of a fully automatic electrical generator to keep all systems in the farmhouse fully functional during power outages, including the fire alarm system. Also anticipated are repairs as needed, to the farmhouse clapboards, window sash, shutters and porch floor boards.

The Doc Adams vintage baseball event was held at the farm in September and in spite of the heat, seemed to be enjoyed by all the attendees. Players and spectators had a place to sit thanks to several benches built by and donated to the Lamson Farm by Bob Wilkins. A thank you goes to Zoe Fimbel for being our liaison in coordinating that event and also to the Milford Rotary for their financial support.

This year's Lamson Farm Day was a challenge due to the cold and at times, rainy weather throughout the day. It was impressive to see how many hearty and determined people were in attendance despite the weather! The Lamson Farm Commission is very appreciative and grateful to all those in attendance this year and especially to all those who contributed so much to maintain the now, thirty-eighth year town tradition.

Carolyn Dorr Rich, now stepping down, has long been one of the dedicated Gardeners in town that have contributed much time and effort in keeping the gardens looking beautiful for many years. Our thanks to Carolyn and also to the

LAMSON FARM COMMISSION CONT.

contributions from the Daland Library Friends in support of the Lamson gardens.

Historically, the Lamson Farm receives no ongoing financial support from the town. We are self sustaining and depend entirely upon fundraising and donations received, for the perpetual care of the property which is certainly one of our town's treasures.

Lamson Farm Day 2018 will be held on Saturday the 29th of September. Please come to enjoy the day and provide your support for the ongoing care of the Lamson Farm. We hope to see you there!

PLANNING BOARD

2017 continued to be very busy for your Mont Vernon Planning Board. Addressing issues with two subdivisions, the Town Center District, new policies, procedures and regulations and updating of the Master Plan all took many hours of dedication. I am also pleased to report that we have continued to maintain a full board with alternates throughout 2017.

Several important accomplishments occurred during 2017. At our 2017 town meeting the amended Accessory Dwelling Units (ADU's) zoning ordinance was approved by voters. The amended zoning allows for ADU's anywhere one and two family dwellings are permitted and brought Mont Vernon into compliance with state law. Work continued on the concept of allowing more small businesses to open in the village area. In March a subcommittee of residents was formed to further study this concept and to provide their recommendations and reservations to the planning board. Many hours of volunteer time has gone into reviewing specific types of businesses that might benefit the town and if and where those businesses should be located. The subcommittee issued its findings to the Planning Board in September. The input from this subcommittee will be vital to the board as we move forward. Rules of Procedure for the Planning Board were finalized and adopted in 2017. Prior to this adoption the Planning Board had operated with no formal Rules on record. Now our procedures are clarified, documented and available to the public. Work continues on updating the Master Plan with much more focus in 2017. A citizen's workgroup was established and has already submitted their updates for the Land Use Chapter. With the assistance of the Nashua Regional Planning Commission (NRPC) the Planning Board hopes to finalize updating three or more chapters of the Master Plan in 2018.

Pre-approved and new development issues kept planning board members busy. The restart of the Old Mill Estates subdivision, approved in 2007 off Old Milford Road caused several issues the board needed to address. New drainage plans and road construction inspections were negotiated along with a homeowner's agreement to maintain areas outside the town right-of-way. The board continued work to review a proposed subdivision on the northerly side of Purgatory Road.

PLANNING BOARD CONT.

The initial plan called for 28 single-family homes however, the current design is for up to 9 new homes with much larger lots. The landowner has finalized easements with the Conservation Commission for hiking trails as well as providing more protections to discourage future development along the class VI portion of Upton Road. Not all Planning Board conditions are satisfied with this subdivision but we anticipate this to be resolved and approval is anticipated in 2018.

New driveway regulations for all future driveways were developed to address safety and maintenance concerns of the public works and emergency services departments. The town for many years has required driveway permits and inspections but had no formal guidelines for driveway construction. It is anticipated the new driveway regulations will be adopted through the public hearing process in early 2018.

As Chairman of your planning board I want thank the community for its support. I also want to thank all of the volunteers of the Planning Board, the Town Center District Sub-Committee and the Master Plan work group who have dedicated many, many volunteer hours to our community. In all, seventeen of our neighbors have given of themselves in the hopes of maintaining the existing character of Mont Vernon while also looking forward to what our needs may be in the future.

Last, I want to give special thanks to the Planning Board Administrative Assistant, Joan Cleary who came on board in 2017. Joan has done a great job adapting to our lengthy meetings and learning the important responsibilities of this position. Without a very good assistant the board would have a very difficult time of completing many of the required tasks.

The Mont Vernon Planning Board anticipates and looks forward to another busy year during 2018. You can trust that we will make every decision with the best interest of our community in mind.

Respectfully submitted,

William (Bill) McKinney, Chairman
Mont Vernon Planning Board

POLICE DEPARTMENT

I am pleased to present the 2017 Mont Vernon Police Department Annual Report to the citizens of Mont Vernon. Our Police Department is comprised of three full-time officers, five part-time officers and one part-time administrative assistant. All of our employees take great pride in providing professional, effective, and efficient police service to the citizens who reside in and visit the Town of Mont Vernon. We strive to work with the community to make Mont Vernon an even safer place to live.

This year has proven to be another busy year for our department. With new challenges facing law enforcement, our department welcomed two new part-time officers. Officer Kristopher Wolf was sworn in on July 12th. Officer Wolf brings numerous years of experience to our agency and remains a full time officer with the Wilton Police Department. Officer Michael Casey was sworn in on September 27th having previously worked part time for the Hampton Police Department. Both are very dedicated and committed employees and have been great additions to our department.

The Mont Vernon Police Department continued to be active in 2017. Over the last year we saw a 133% increase in residential burglaries. This spike in burglaries is attributed to the drug epidemic that the state is facing. We will investigate all crimes to the best of our ability. We ask you help us by continuing to report any suspicious activity. "If you see something then please say something".

In 2018 we will be hosting a Citizens Police Academy. The academy is designed to inform citizens about the role of this agency in our community. The program will consist of both classroom and demonstration formats with some limited participation.

When officers are not responding to calls for service you may see them at the Village School mentoring students and working proactively in neighborhoods performing duties such as vacant house checks or enforcing motor vehicle laws. We are fully committed to promoting a safe community.

I would like to take this opportunity to thank the residents of Mont Vernon for their support. The success of any police agency relies greatly on the eyes and ears of the public so please don't hesitate to let us know how we can better serve you.

Respectfully submitted,

Chief Kevin P. Furlong

RECREATION COMMITTEE

Thank you to all those volunteers who donated their time and resources to make this year’s community events a success! Those events sponsored by the Recreation Committee were an Easter Egg Hunt, Spring Gala, Halloween, and Tree Lighting. Additionally, Lamson Farm day, which is a Lamson Farm Commission event, was supported in part by the Recreation Committee. These events were brought to life thanks to the generous efforts of our 2017 event chairs and the many volunteers who continually support our lovely town. If you are interested in supporting the festivities, please email Vanessa Chavez at mvrec3@gmail.com.

In 2017 the Recreation Committee started off being led by interim Recreation Directors, Bonnie Angulas and JoAnn Kitchel. They donated a considerable amount of their time to ensure that the long-cherished community events, which help characterize our town, continue to be enjoyed. Thank you, Bonnie and JoAnn for all that you do! Thanks to their support and encouragement I have had the opportunity to step into the role of Recreation Director with ease.

We hope to see you at the following 2018 events!

SELECTMEN'S REPORT

It is the middle of winter once again, and time to both review and report on the year's activities for 2017. Overall, it was a very good year for the Town, as much has been worked on and accomplished by the employees and volunteers of our community. Normally in our annual reports we put a reminder at the end about the need for citizen participation and volunteerism, but this year we are putting it up front. Our municipal government runs pretty well for a small town, and that is entirely due to the people who step forward to give of their time and effort for the many committees and activities that need to be tended to. We have been pleased to see over the past few years a great increase in the number of new faces who have become involved to help make Mont Vernon a great place to live. On behalf of the Select Board, I wish to thank all of you, and encourage others to do likewise.

The Board would again like to commend the D.P.W. for a great effort this past year. With both minimal personnel and equipment, they continued to maintain our roads and public spaces at a high level. Roadways repaved or improved last year included Old Milford, Old Wilton, Hazen, Cross, Beech Hill, and Batchelder.

The other large project mostly completed this past year was the dredging and rebuilding of Carleton Pond under the supervision of the Conservation Commission. Using funds voted for last March in conjunction with those already raised, several tons of built-up material was removed and the pond's walls and drainage improved. This work ensured its future availability as a public water source for the Fire Department, and It should be ready for recreational use by this spring or summer.

Unfortunately, after the Town authorized the select board to lease space inside the Town Hall for use as a cell tower, this still hasn't come to pass. Verizon has had some kind of internal delay with this project, and we still haven't received an update on when they are planning on moving forward, though we have inquired repeatedly.

2017 was also a very busy year for the Future Building Use Committee. They worked throughout in conjunction with the architectural firm hired by the Town to evaluate the condition of the Town Hall, McCollom Building, and Daland Library to determine their possible future uses and reconfiguration.

SELECTMEN’S REPORT

Their preliminary findings and architectural proposals have been presented to both the Board and the Town, the final written report from the architects being due in February of 2018. In light of their findings and possible major decisions to be made in the near future on this subject, the Select Board decided to not make significant improvements to the McCollom Building during the past year.

The Planning Board also had a very active 2017. For the first time in many years they were dealing with new housing developments as well as reactivated old ones. There was also a considerable amount of work done on updating our zoning regulations to encourage more small businesses being started here. That work will continue into 2018.

Good news for all of us in 2017 was that our municipal taxes remained flat. The Select Board has always worked hard to ensure that the Town budget remains as lean and efficient as possible while still delivering on the services that we all require. It is standard Board policy to be as fiscally conservative as is reasonable. The Town tax rate increased by only 1 cent per \$1,000. Some of that was due to good fortune, but also to good planning.

Lastly, there are some individuals that we would like to grant special recognition. We would like to thank both Bonnie Angulas and JoAnn Kitchel who were finally able to step down from doing double duty by running the Recreation Department as well as their regular Library positions. They were most ably replaced by Vanessa Chavez, our new official director, who in conjunction with Bonnie and Joanne did a great job running our Halloween event, with Beth Kershaw on the Christmas Tree Lighting event.

On a sadder note, Mont Vernon lost two gentlemen this past year who did great work for their Town. Don Gunter spent many years on the Planning Board lending his considerable experience to that body. Jim Dewitt spent many years on the Fire Department rising to the rank of Captain, as well as volunteering as the director of emergency management for several years. They will be missed.

TAX COLLECTOR'S REPORT

Property taxes committed to the Tax Collector for collection in 2017 were \$ 7,492,958.00. Of this amount, 96% had been collected by December 31, 2017.

Of the \$ 41,879.47 Timber Yield Taxes committed to the Tax Collector, 100% had been collected as of December 31, 2017. Of the \$ 100,101.41 Current Use Change Taxes committed to the Tax Collector, 88% had been collected.

All property with unpaid year 2015 taxes will be subject to deeding to the Town as of May 1, 2018.

Interest on lien taxes is set by state statute at 18% per annually. Interest on delinquent property taxes is 12% and on unpaid Current Use Tax, 18%.

I would like to thank the staff at Town Hall, the Selectmen, and the residents of Mont Vernon for their continued support throughout the year.

Sincerely,

Sue Leger

ZONING BOARD OF ADJUSTMENT

Yearly report of the Mont Vernon Zoning Board of Adjustment.

This year we had only one case come before the board. Marlo Morrissey application for a variance. This was a request for a lot line adjustment, which the board approved.

01-17	10/17/17	Marlo Morrissey	Variance	Granted
-------	----------	-----------------	----------	---------

In other news, I have asked Allan MacGillivray to stay on for another term, as his concluded in 2017.

What the ZBA does:

The ZBA interprets local land use law. It does not create or modify the law or town ordinance. People looking for relief from the Zoning Ordinance file applications for the specific relief requested. The ZBA holds a public hearing, collects the evidence presented, and makes a decision based on that evidence. It is important to note that the board does not make a decision based on how many people are in favor or against the request. The ZBA applies the proper legal test to the evidence presented and either grants or denies the request.

The Milford Area Communication Center (MACC Base), had a busy 2017. In continuing our project to improve and modernize our infrastructure at each of our remote transmitter sites, we received our approval (in cooperation with the Town of Mont Vernon) for a Homeland Security Grant for \$180,000. This project will begin and hopefully be completed in 2018. The goal is to allow us to link our existing sites, as well as one each in Hollis and Amherst via microwave. This will improve coverage and safety for all the communities we serve and improve backup with Hollis Dispatch and Amherst Communications.

The center provides centralized emergency dispatch services for the towns of Milford, Mont Vernon, and Wilton. For 2017, we have continued to dispatch the Lyndeborough Police Department. We also continued service improvements for our agencies with a new server and redesign of how our Police Agencies connect to our central server. The remote desktop setup has greatly improved speed of access while improving connectivity for the Police Departments. The services we provide include emergency radio and telephone communications for ambulance, fire, police, public works, and emergency management agencies within our towns. MACC also provides emergency ambulance dispatching services for the Wilton Ambulance Service to their additional service towns of Lyndeborough & Temple. Further, MACC serves as a backup communications center for the towns of Amherst, Brookline, Hollis, & Mason.

This year, MACC Base dispatchers handled 67,624 calls for service for the various emergency agencies that we serve. Calls ranged from structure fires and multi-vehicle accidents, affecting many people & emergency responders, to police and medical emergencies involving a single victim. It is the emergency dispatcher's responsibility to properly assess a crisis, to insure the proper personnel and equipment are sent to handle the problem, and to monitor the situation until the emergency has passed. Contrary to a common misconception, 911 operators in Concord & Laconia are not responsible for providing emergency dispatching, the 911 operator's role is to route calls to emergency dispatchers at MACC Base and handle the medical pre-arrival instructions to callers until emergency services are on scene. It is MACC Base personnel who ultimately dispatch the calls for service and who interact directly with both the public and the responding emergency personnel.

This year we added Jacob Greenlaw to our full-time staff, bringing us back to fully staffed. Jake is an Army veteran, as well as a former firefighter & EMS provider from Maine. Our part-time ranks increased as well this year with the addition of John Hall. John brings nearly 2 decades of fire service experience to our staff from his time with Peterborough Fire Rescue. Much like our 2 newest hires, most of our staff also has experience on the other end of the radio. We presently have 4 current & 5 former firefighters, 2 active, 2 retired, & 2 former police officers, 2 former ambulance personnel, & 2 current EMT's. Our experiences in public safety, on both ends of the radio, provide our communities a dispatch center with a collective 200+ years of emergency services experience.

Emergency dispatchers routinely deal with callers when situations are at their worst, and at times when those citizens need competent professionals to solve their personal crisis. It takes a very special person to provide and maintain these professional standards, and MACC Base is privileged to have a dedicated group of professionals standing vigil over the communities it serves. We look forward to another year of dedicated service to the emergency services and the people of the Souhegan Valley.

Respectfully submitted,

Jason R. Johnson, Director

Nashua Regional Planning Commission 2017

The NRPC provides comprehensive planning services for local land use, transportation, and environmental planning efforts, and delivers extensive mapping and data management assistance utilizing the latest technologies available. Membership in NRPC allows our communities to access a broad range of services by request and gain access to valuable planning resources as summarized below.

- **Transportation Planning:** Standardized and customized vehicular traffic, bicycle and pedestrian counts; circulation and corridor studies; transportation modeling; intersection analyses; road safety audits; pavement conditions surveys; traffic study reviews and parking studies.
- **Land Use Planning:** Planning and Zoning Board staff support and training; draft ordinance and regulation review; special projects and research assistance; distribution of planning related fact sheets, guidebooks and educational resources; master plan development; capital improvement program preparation, and economic development consultation.
- **Data Management and GIS Mapping:** Demographic, land use, transportation, natural resources and related data collection and analyses; individual municipal and regional base map sets; production of annual tax maps; natural features, water resources, trails and street mapping; and development of online interactive apps.
- **Environment and Energy:** Electrical energy purchase aggregation for municipal and school facilities; consultation with local Energy Committees; MS4 Stormwater Permit coordination; Natural Resource Conservation planning; Hazard Mitigation Planning; and household hazardous waste collections.

NRPC uses local dues to leverage grant funds and support the planning needs of local communities. The most recent NRPC budget was comprised of 73% federal funding, 8% local grants, 12% local dues, 7% local contracts and 1% from the State of NH. Highlights of 2017's regional initiatives of benefit to all communities can be read in the full version of the Nashua Regional Planning Commission 2017 Mont Vernon Membership Benefits report on the NRPC website at: www.nashuarpc.org.

HIGHLIGHTED MONT VERNON MEMBERSHIP BENEFITS

ELECTRICITY SUPPLY AGGREGATION - NRPC serves as an aggregator to facilitate a bid process among competitive electricity suppliers licensed with the NH Public Utilities Commission. Each aggregation member signs its own contract with the supplier for a fixed electricity supply rate. Rates and contracts are identical for each member within a given electric distribution territory. In 2017, Mont Vernon signed a 12-month contract with a competitive supplier as part of the aggregation. www.nashuarpc.org/energy-environmental-planning/energy-aggregation **ESTIMATED VALUE: Mont Vernon savings since 2012- \$13,520 (compared to the default utility rate) - NRPC Staff**

Dear NRRA Member,

As a member of Northeast Resource Recovery Association (NRRA), your community has access to all the services of this first in the nation, 37-year old recycling cooperative. Your member-driven organization provides you with:

- Up-to-date **Technical Assistance** in waste reduction and recycling including solid waste contract negotiations;
- **Cooperative Marketing** to maximize pricing and **Cooperative Purchasing** to minimize costs;
- Current **Market Conditions** and Latest **Recycling Trends, both regionally and nationwide**;
- **Innovative Programs** (i.e. Dual Stream, Consolidation and Single Stream);
- **Educational and Networking Opportunities** through our Annual Recycling Conference, our Monthly "Full of Scrap" email news, monthly Marketing meetings, **members' only website**, workshops and Fall Facility Tours;
- **NRRA School Recycling CLUB** - a program to assist schools to promote or advance their recycling efforts;
- **NH DES Continuing Ed Credits**;
- **NH the Beautiful Signs, Grants, Bins and Recyclemobiles.** NRRA membership has grown to include more than 400 municipalities, businesses and individuals in New Hampshire, Vermont, Massachusetts, Connecticut and Maine. NRRA, as a non-profit organization, is unique in that we do not charge a "brokerage fee" or work to maximize profit gains, but rather has a minimal "Co-op" Fee" which is re-invested to further your recycling programs and solid waste reduction efforts in schools and municipalities.

NRRA MARKETING TONNAGES

Through your continued support and dedication, NRRA has assisted our members to recycle over 52,000 tons in fiscal year 2016-2017!

Please contact NRRA at 800-223-0150 / 603-736-4401 or visit our website at www.nrra.net

Congratulations for being such active recyclers! Below please find information on the positive impact your recycling has had on our environment. The recyclable materials listed below were sent to market to be remanufactured into new products through your non-profit recycling organization, the Northeast Resource Recovery Association.

Recyclable Material Amount Recycled In 2017 Environmental Impact!

Default Budget of the School District

Mont Vernon Local School

For the period beginning July 1, 2018 and ending June 30, 2019

RSA 40:13, IX (b) "Default budget" as used in this subdivision means the amount of the same appropriations as contained in the operating budget authorized for the previous year, reduced and increased, as the case may be, by debt service, contracts, and other obligations previously incurred or mandated by law, and reduced by one-time expenditures contained in the operating budget. For the purposes of this paragraph, one-time expenditures shall be appropriations not likely to recur in the succeeding budget, as determined by the governing body, unless the provisions of RSA 40:14-b are adopted, of the local political subdivision.

Message from the Mont Vernon School Board Chair

In 2017 the voters of Mont Vernon approved the proposed budget for the FY17/18 school year. We are extremely grateful for the show of support as we continue to strive toward maintaining the balance of providing an outstanding education while being fiscally responsible. Our school community continues to be committed to maintaining a safe and caring environment for all our students. It is our hope that the Village School provides a place where all students are engaged, challenged and encouraged to grow as learners.

Our full day kindergarten program is currently in its third year and we continue to receive positive feedback from parents and staff. In reviewing student outcomes from last school year, our kindergarten students made significant growth moving from the 76th percentile in math to the 89th percentile and maintaining the 92nd percentile in reading. The percent of students meeting target growth was 71% in math and 60% in reading, significantly about the norm of 50%. At the end of this school year we look forward to completing an in-depth analysis of the impact on student outcomes for the past three years. This year we increased our Math and Reading interventionist positions from half time to full time. Overall, our interventionists are servicing many more students than they have in the past and are providing both in classroom or pull out support depending on need. We will be doing a full analysis at the beginning of next year to evaluate the effectiveness of the full day intervention program. Our facilities are in excellent shape, last year we addressed some insulation issues and replaced our phone system. The board continues to look ahead at our facility's needs, currently we are anticipating a roof replacement in approximately four or five years.

The board continues to be challenged by our enrollment numbers. Our FY17/18 approved budget was based on a projection of 167 students and our current enrollment is at 191 students. This unanticipated increase of 14% now presents a problem with our staffing levels as we have several grade levels with larger than state average class sizes. We try very hard to balance class size, classroom needs and staffing while maintaining a fiscally responsible budget.

As always, we need to thank the teaching staff, administration, volunteers, committee members, parents, community members and children who continue to contribute to the success of the Village School. Their ongoing commitment and dedication to the success of our students is something we all should be grateful for. "It takes a village to raise a child."

Sincerely,

Thomas Driscoll

Mont Vernon Village School
Principal's Report
2017

To the citizens of Mont Vernon, the Mont Vernon Village School Board and the Superintendent of Schools, I respectfully submit the 2017 Report of the Principal.

At the beginning of this calendar year we were very fortunate to have a former student, Katie McCann, and the Souhegan High School Computer Programming Club join Mrs. Anne Detwiler, our Media Specialist, to facilitate an HOUR OF CODE. Ms. McCann made a short presentation to the entire school and then she and her peers joined each grade level for the HOUR OF CODE activities. The students all enjoyed their programming time and work with older students.

Nicholas Wyman, another former student of MVVS, a current student Amherst Middle School was assigned a project after reading the book "The Giver" to transform or design an action project. The assignment is to transform some aspect of his life, another person's life or perform a "fine action" meant to create change somewhere in the world. His idea was to run a charity basketball game between MVVS staff and students to fund a gaga ball pit at MVVS. The MVVS community attended and enjoyed watching our staff play basketball against the 5th and 6th graders at MVVS. The event raised money that will go toward constructing this new feature to our playground in the spring of 2018.

The Mont Vernon Parent and Teacher Association (PTA) was very active this past year with many events for families. In February the PTA hosted its' first annual Sweetheart Dance. This event was everything it was intended to be, entertaining and fun for the whole family. This is one of many events the PTA hosted throughout the year helping to build a welcoming and inclusive school community. The Mont Vernon PTA has also brought Destination Imagination to our students. This endeavor is a focus for the PTA to bring opportunities for students outside of the school day.

Over the last two school years Mrs. Sharon Colburn, Head of Food Services for MVVS, has invited our families in each month to have lunch with their children. This has been a wonderful experience for the students, families and staff and we want to thank Mrs. Colburn for welcoming the families and making them feel part of the lunch time experience.

The enrollment numbers fluctuate each year with low numbers in the spring and sometimes surprising numbers in the fall. This makes it challenging to budget each fall for the following spring. Last fall we were seeing a decline in our numbers from previous years and with present calculations we predicted a drop from 184 students to 167 in the fall of 2017. At the close of the year we already saw an increase in enrollment as 30 families of Kindergarten students inquired about enrolling their child. This trend continued over the summer with some

students leaving and more students registering. On October 1 we had 188 students enrolled, far from our expected decline to 167 in the previous fall. As of December 31, 2017, our enrollment was at 191 students enrolled in Kindergarten through Grade 6.

One teacher per grade is a challenge when numbers continue to rise and fall. Over the past three years we have gone into the spring with numbers dropping then a return to larger numbers in the fall or winter of the coming year. If we start off the year with 24 students with one teacher at that grade level it is possible that more students will be enrolled after the school year has begun adding to that class size for one teacher. The concern is always focused on student welfare and needs. This becomes more pressing when there is only one adult with a class size approaching 30 or more.

Teachers from MVVS joined their colleagues in Amherst and Souhegan working on Literacy, Math and Science curriculum this past summer. They continue the work of fine tuning the curriculum to align with College and Career Ready Standards.

Our Professional Staff continued their good work with Amherst staff to work on Performance Assessments and competency based education. We are dedicating the work of some Late Starts and some Staff Meetings to this effort. This will allow us to connect the experiences and expectations of our students at each grade level with their peers in Amherst providing a more consistent delivery of programming to all students.

This summer has been busy at school and around the SAU. Our teachers have participated in the following activities throughout the summer. Amy Lavoie, Jan Mattie, Alma Garcia and Brian Donohue all attended the Responsive Classroom training in June. This training was brought to SAU #39 for Amherst and Mont Vernon staff. The four-day program presented is evidence-based approach to teaching. The models presented and practiced involved best practices in classroom management, engaging academics, climate and culture and an awareness of developmental milestones.

Karin Alger, Peter Denio, Sara Millas, Melanie Jones and Jan Mattie joined colleagues across the SAU to review the Next Generation Science Standards (grades K-4) and review the new science curriculum (grades 5-8)

Peter Denio and Lori Meader worked with the Professional Development committee to review work from the 2016-2017 school year and set goals for the upcoming August in-service day for staff.

Peter Denio, Shakeh Dagdigian, Melanie Jones, Jan Mattie, Karin Alger, Sara Millas and Charline Brown also worked with colleagues from across the SAU on Math curriculum. This work continues as we review our work each year.

Kim Tighe and Barbara Belak reviewed the Mentor program with staff from across the SAU to reflect on the program, collect survey data and set goals for the upcoming school year.

Dawn Garneau, Sara Millas and I all met this summer after reading, Charting a Course To Standards Based Grading, as part of the larger Assessment, Grading and Reporting Committee work SAU-wide. We have started planning out the year of topics to present to MVVS staff and support them in our move to competency-based grading and reporting.

Dawn Garneau, Sara Millas and Jan Mattie worked on Literacy Curriculum with colleagues across the SAU this summer. Each grade level continues to look at the work accomplished and make refinements where necessary.

Congratulations to Mrs. Charline Brown and Mrs. Sara Millas for the recognition of their work. They were asked to present their Performance Assessment this summer in Boston to a group of educators from across the country. They served as expert practitioners for the Center for Collaborative Education(CCE) Quality Performance Assessment(QPA) Summer Institute. We are very proud of their work.

The SAU Technology Planning has begun with work over two full days at Clark School in the Professional Development Center. Here staff from all of the SAU buildings have sent representatives who are crafting our Technology Plan.

We also had some work completed around the facility this past summer. A new phone system was installed relieving the previous system that was failing. We also removed and replaced the paved sidewalk along the front of the building. Then the building had the final stage of replacement windows installed in four classrooms and four office spaces.

Mont Vernon is very excited to have three new professionals join us for the 2017-2018 school year.

Patricia Garrity – Library Media and Technology Specialist

Laura Graham – Grade 6 classroom Teacher

Carol Hopfenspirger – Special Education Case Manager

We also said good-bye to professionals who sought after experiences beyond Mont Vernon.

Sara DeWitt – Special Education Case Manager

Anne Detwiler – Library Media Specialist

The Mont Vernon Staff continue to be a very dedicated and highly professional group of individuals that I consider myself very fortunate to work with. Thank you for the opportunity to serve the children and families of Mont Vernon.

Sincerely,

John J. Schuttinger, Principal

INDEPENDENT AUDITOR'S REPORT

To the Members of the School Board
Mont Vernon School District
Mont Vernon, New Hampshire

We have audited the accompanying financial statements of the governmental activities, each major fund, and aggregate remaining fund information of the Mont Vernon School District as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the USA; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Mont Vernon School District, as of June 30, 2017, and the respective changes in financial position and, the respective budgetary comparison for the general and grants funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information — Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (pages 3-7), Schedule of Funding Progress for Other Postemployment Benefit Plan (page 30), Schedule of School District's Proportionate Share of Net Pension Liability (page 31), and Schedule of School District Contributions (page 32) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for **placing** the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information — Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Mont Vernon School District's basic financial statements. The individual fund schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The individual fund schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the individual fund schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

20 **Mr. Sturm welcomed the public at 7:01pm.**

21 He then added that voting by official ballot will take place on Tuesday, March
14, 2017, between
22 the hours of 7:00 a.m. and 7:00 pm at the Mont Village School on warrant
articles numbered 1

23 through 5.

24 He then introduced Superintendent Warburton.

25 Mr. Warburton then introduced several SAU 39 Administrators as well as Mr.
Peter Phillips Esq.

26 Mr. Sturm then introduced Chair Thomas Driscoll.

27 Mr. Driscoll then introduced the Mont Vernon Village School Board.

28 Mr. Sturm then noted that the Deliberative Session is the first session of the
annual meeting and

29 consists of explanation, discussion, and debate of each article on the warrant.

30 He then asked if there were any questions so far.

31 He then went over Article #2: Operating Budget

32 *Article 2. Shall the Mont Vernon School District raise and appropriate as an operating budget,*
33 *not including appropriations by special warrant articles and other appropriations voted*
34 *separately, the amounts set forth on the budget posted with the warrant or as amended by vote of*
35 *the first session, for the purposes set forth therein, totaling four million, six hundred and sixteen*
36 *thousand, two hundred and ninety-eight dollars (\$4,616,298)? Should this article be defeated,*
37 *the default budget shall be four million six hundred and forty-four thousand, six hundred and*
38 *sixty-nine dollars (\$4,644,669), which is the same as last year, with certain adjustments required*
39 *by previous action of the Mont Vernon School District or by law; or the governing body may*
40 *hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a*
41 *revised operating budget only? Majority vote required.*

42 ***Recommended by the Mont Vernon School Board (5-0)***

43 ***Recommended by the Mont Vernon School District Budget Committee (2-0)***

44 ***Estimated tax impact of passing this article is: \$ 0.76 per thousand.***

45 ***Estimated tax impact of not passing this article is: \$0.87 per thousand.***

46 *NOTE. • Warrant Article 2 (operating budget) does not include appropriations proposed in any
47 other warrant articles.

48 **Mr. Thomas Driscoll made a Motion to place Article 2 on the Ballot. Mr. John Quinlan**
49 **seconded the Motion.**

50 Mr. Driscoll then presented the article to the town and discussed the overall budget. He then
51 discussed the Budget Composition showing the pie chart of Salaries and Benefits, Tuition,
52 Contracted Services, Transportation, and other costs.

53 He then discussed the FY' 18 Budget Summary with the difference being \$25,303 or 0.55%.

54 He then reviewed the Non-Discretionary Impacts.

55 He then discussed the Discretionary Impacts noting the decrease of (\$104,564). He noted the
56 Interventionist increases and the new telephone system.

57 Mr. Driscoll then noted the enrollment trend.

58 He then remarked about the Enrollment per Grade. He then mentioned that the 5th grade has a
59 projected enrollment of 24. He noted that the School Board choose to keep two teachers.

60 He then noted the Certified and Non-Certified Staffing for FY' 14-FY'18.

61 He then discussed the Discretionary Highlights noting the staffing changes, the replacement
62 phone system and the reduction in legal and computer replacements.

63 He added that they really tried to have a flat budget this year.

64 Mr. Driscoll then explained the Budget Overview including the revenues Projection. He added
65 that the unreserved fund balance is projected to be \$150,000. He noted that the Adequacy Aid is
66 down.

67 He then noted the Projected Tax Impact.

68 He then discussed the Default Budget. He noted that the default budget is higher than the
69 operating budget.

70 He then recognized the Budget Committee.

71 Mr. Peter King, added that they looked at the line items on the budget and that they made some
72 recommendations. He added that there is a Budget Committee Report noting that a lot of the
73 costs are out of their control.

74 ***He added that the Budget Committee supports the Budget as proposed.***

75 Mr. Sturm thanked Mr. King.

76 Superintendent Warburton then discussed the possible consolidation of schools. He then
77 discussed the Strategic Plan, explaining the 5 Pillars. He noted that the Streamline Committee
78 has worked very hard in researching. He then added that there are a lot of opportunities and they
79 will let people know of the upcoming public forums. He stated that enrollment is increasing at
80 Clark/Wilkins.

81 He added that he is more than happy to answer questions either here or at a later date.

82 Mr. Sturm asked for questions from the public.

83 Ms. Anne Dodd, asked about long term intervention. She commented that there needs to be a
84 value to full time K.

85 Ms. Roberge replied that the Board's goal is for students to excel.

86 Ms. Christine Landwehrle, Director of Curriculum and Professional Development, explained that
87 right now some K-6 students need additional services. She added that the goal is between full
88 day K and the additional support from the interventionist then they might not need the full time
89 interventionist or transition students from intervention to enrichment.

90 Mr. King added that they did at one point have Title 1 interventionists and that they have lost
91 Title 1 funding.

92 Mr. Driscoll noted that they have it during the summer.

93 Ms. Dodd asked how many students are identified as needing Special Education.

94 Ms. Meg Beauchamp, Director of Student Services, replied 15-16%.

95 **Mr. Strum then instructed the Clerk to place Article 2 on the Official Warrant as**
96 **presented tonight.**

97 Mr. Strum then went over Article #3.

98 Article 3. Shall the Mont Vernon School District raise and appropriate fifty thousand dollars
99 (\$50,000) to be added to the School Property Maintenance Expendable Trust Fund established
100 in March 2007? Majority vote required.
101
102 ***Recommended by the Mont Vernon School Board (5-0)***
103 ***Recommended by the Mont Vernon School District Budget Committee (2-0)***
104
105 ***Estimated tax impact of passing this article is: \$0.20 per thousand.***

106 **Mr. Thomas Driscoll made a Motion to place Article 3# on the Ballot. Mr. John Quinlan**
107 **seconded the Motion.**

108 Mr. Driscoll then discussed the Roof Replacement Plan. He added that they are anticipating a
 109 roof replacement in FY21-FY22 which is projected to cost \$300,000. This revises their target
 110 goal of the maintenance trust fund from \$100,000 to \$350,000 to be raised over the next five
 111 years. The trust is intended to meet maintenance needs, including unplanned emergencies. It is
 112 prudent for any district to have these reserves.

113 He then noted that there is a 20 cent tax impact per \$1,000.

114 ***Mr. King noted that the Budget Committee supports this article.*** He added that they do not have
 115 a bond on the building and that it is a wise thing to do.

116 Ms. Eileen Naber asked a question about the amount.

117 Ms. Roberge then noted that if an expense comes up that they might have to use it for something
 118 else if necessary.

119 Ms. Naber noted that she is against the tax increase associated with Article #3. She added that it
 120 is costing the tax payers more.

121 Ms. Roberge asked Ms. Naber would like it to come from the unreserved fund balance.

122 Ms. Naber replied, yes.

123 Ms. Roberge added that she understands their thought and that they are trying to get to that
 124 \$150,000 amount. She added that it is easing the tax burden by asking for \$50K and not the full
 125 \$300,000K. She noted that the roof repair is necessary.

126 Ms. Naber noted that it is costing the tax payers more to put money aside. She noted that many
 127 people are on tight budgets and this is not the year to ask for it.

128 Mr. Jack Esposito noted that he agreed with Ms. Naber.

129 Ms. Dodd commented that it should be bonded and she agrees with Ms. Naber.

130 **Mr. Naber made a Motion to rewrite the Article 3 from \$50K to \$0. Ms. Anne Dodd**
 131 **seconded the Motion.**

132 Mr. Sturm then read the amended Article 3.

133 He then called for a vote. Motion Failed.

134 **Mr. Strum then instructed the Clerk to place Article 3 on the Official Warrant as**
 135 **presented tonight.**

136 He then read Article #4 Repurpose Trust Fund.

137 **Article 4.** *Shall the Mont Vernon School District vote to discontinue the Fund for*
Unfunded
 138 *Liabilities for Retiring Employees created in 2007 and further to transfer the balance of said*
 139 *fund with the accumulated interest to the date of withdrawal to the general fund? Further, shall*
 140 *the Mont Vernon School District vote to establish an expendable trust fund under the*
provisions
 141 *of RSA 198:20-c, to be known as the Tuition Contingency Fund, for the purpose of paying for*

142 *unanticipated tuition payments for Mont Vernon students and further to raise and appropriate*
143 *thirty-one thousand, five hundred and forty-nine dollars and seventeen cents (\$31,549.17)*
144 *toward this purpose to be funded from the year-end unassigned fund balance and to name the*
145 *school board as agents to expend from this fund? Majority vote required.*

146

147 **Recommended by the Mont Vernon School Board (5-0)**

148 **Recommended by the Mont Vernon School District Budget Committee (2-0)**

149

150 **Mr. Thomas Driscoll made a Motion for Article 4 to be placed on the Ballot. Mr. John**
151 **Quinlan seconded the Motion.**

152 Mr. Driscoll then discussed the fund that is in existence to be put in a new fund to cover tuition
153 costs.

154 He then showed the Historical Tuition Costs to Amherst Middle School. He added that there is
155 no tax impact.

156 Mr. Strum then asked if there were any questions.

157 Ms. Naber then asked what they do if there are funds left over.

158 Mr. Steel noted that there will be a fund balance created by this action. He then explained the
159 article in further detail.

160 Ms. Naber thanked Mr. Steel.

161 Ms. Dodd asked Mr. Phillips if he agrees.

162 Mr. Phillips, replied, yes.

163 ***Mr. King noted that the Budget Committee supports this article.***

164 **Mr. Strum then instructed the Clerk to place Article 4 on the Official Warrant as**
165 **presented tonight.**

166 Mr. Strum then went over Article #5.

167 ***Article 5. Shall the Mont Vernon School District raise and appropriate up to fifty***
thousand
168 ***dollars (\$50, 000) from the year-end unassigned fund balance (surplus) if***
available on June 30,
169 ***2017, to be added to the Mont Vernon School District Capital Reserve Fund for***
educating
170 ***students with disabilities, previously established in March 2016? Majority vote***
required.

171

172 **Recommended by the Mont Vernon School Board (5-0)**

173

174 **Not recommended by the Mont Vernon School District Budget Committee (0-2)**

175

176 **Estimated tax impact of passing this article is: \$0.20 per thousand.**

177

178 **Mr. Thomas Driscoll made a Motion to place Article 5 on the Ballot. Mr. John**
Quinlan
179 **seconded the Motion.**

180 Mr. Driscoll emphasized the volatility of students with Special Education costs.
He noted that
181 their Target for Capital Reserve Fund is \$150,000.

182 He then noted the Projected tax Impact of the Special Education Fund.

183 *Mr. King noted that the Budget Committee does not support this article.* He noted that
they
184 have had a history of budget surpluses. He then noted that the tax impact is too
great and that
185 they can do without it.

186 Ms. Naber commented on the tax impact.

187 Mr. Steel noted that if this article fails the money will go back to reduce taxes.
And noted that it
188 can be confusing.

189 Mr. Strum then instructed the Clerk to place Article 5 on the Official Warrant as
190 presented tonight.

191 Ms. Anne Dodd made a Motion restrict reconsideration on any of the Articles
presented
192 tonight. Ms. Roberge seconded. Motion passed.

193 Mr. Sturm made a Motion to adjourn the Deliberative Hearing at 8:00pm. Ms. Anne
Dodd
194 seconded the Motion. Motion passed.
